

Trail Conditions Report

KACHEMAK BAY STATE PARK

Updated: July 17, 2009

Overall Conditions: Trails: Some trails are overgrown with devils club and elderberry. If trail is lost, look for chainsaw cuts to establish where the corridor is located.

Public-Use Cabins/Yurts: All public-use cabins are open and available for rental. The Yurt at Humpy Creek is open and available for rent. Go to the website; alaskastateparks.org for cabin information and the link for the yurts.

Advisory: Trails in KBSP are rough, with steep grades in places, and in some cases only marked routes. It is advisable to add 1/3 to your average hiking time.

The 250 foot, hand-operated **Grewingk Creek Tram** is open, however it is difficult (strenuous) to use. We suggest a minimum of two people in party, one assisting by remaining on the platforms to pull on the rope, reversing process when first person across completes trip.

NOT CLEARED means crews have not worked on this trail at all this year, expect down falls across the trail, brushy conditions and it may be impassable.

Treat all water in the park, boil, filter, or use water purification tablets.

Use LEAVE NO TRACE camping and hiking etiquette. **PACK OUT WHAT YOU PACK IN!**

Report any problems, complaints to the Park Ranger @ 235-7024 or 262-5581, thank you.

Announcement: No Bridge crossing Moose Valley Creek. There is a downed tree near the mouth of the creek.

China Poot Lake Trail:	Cleared
Poot Peak Trail: North Route:	Unmaintained
Poot Peak Trail: South Route:	Cleared
Poot Peak Trail: Summit Route:	Cleared
Coalition Trail:	Cleared btw. Halibut Cove Lagoon and China Poot Bay. The trail btw. China Poot Bay and China Poot Lake is cleared of blowdowns, but is still overgrown in areas. The spur trail down to China Poot Cr. Falls DOES NOT EXIST ANYMORE. NOT RECOMMENDED TO HIKE TO FALLS.
